

- ▶ GN capacity:
  - ✓ 5 x 1/3 GN + 1 x 1/2 GN
  - ✓ Max. depth of GN containers: 150 mm

- ▶ GN containers not included in the delivery

## Clean and hygienic – a glass top for germ protection

- |                                  |                                    |                             |                                     |
|----------------------------------|------------------------------------|-----------------------------|-------------------------------------|
| • Front pane:                    | Turned-down edges                  | • Including:                | 6 bars: length 326 mm, width 25 mm  |
| • Safety glass:                  | Yes                                | • Properties:               | Cooling aggregate with cooling tray |
| • Type of glass:                 | Single glazing                     | • Design:                   | With glass top                      |
| • Size glass superstructure:     | W 1490 x D 390 x H 195 mm          | • Not included in delivery: | GN containers                       |
| • Glass top unit design, back:   | Open                               | • Material:                 | Chrome-nickel steel                 |
| • Power load:                    | 0,174 kW   230 V   50 Hz           | • Important information:    | -                                   |
| • Temperature range:             | 0 °C to 10 °C                      | • Size:                     | W 1,500 x D 395 x H 459 mm          |
| • Control unit:                  | Electronic                         | • Weight:                   | 45.5 kg                             |
|                                  | Knob                               |                             |                                     |
| • Control lamp:                  | ON/OFF                             |                             |                                     |
| • Temperature control:           | Digital                            |                             |                                     |
| • Climate class:                 | N                                  |                             |                                     |
| • Cooling:                       | Static                             |                             |                                     |
| • Coolant:                       | R290 / 0,030 kg                    |                             |                                     |
| • Digital display:               | Yes                                |                             |                                     |
| • Lighting:                      | -                                  |                             |                                     |
| • Delivery state:                | Building kit (simple assembly)     |                             |                                     |
| • Depth GN container max.:       | 150 mm                             |                             |                                     |
| • Automatic defrosting function: | Yes                                |                             |                                     |
| • Drip water evaporation:        | Yes                                |                             |                                     |
| • ON/OFF switch:                 | Yes                                |                             |                                     |
| • Capacity GN:                   | 5 x 1/3 GN + 1 x 1/2 GN            |                             |                                     |
| • Including:                     | 1 bar: length 326 mm, width 77 mm  |                             |                                     |
|                                  | 4 bars: length 181 mm, width 25 mm |                             |                                     |
