

Tilting gas bratt pan, stainless steel tank 80 liters, on cupboard

G9/BRI8

Sauteuses

Descriptions

mm (W x D x H)	800 x 900 x 850/920
kW	0.02
gross Weight (Kg)	164 kg
Voltage	230/1N 50-60Hz
kcal/h (gas)	17200
Volume (m ³)	1.1 m ³

Page Catalog : 176

Product details

- Tank dim. 790x690xh200 mm, surface 50dm².
- Tilting of the tank by a handwheel.
- Made in stainless steel AISI 304, adjustable feet in stainless steel.
- Top (20/10 mm) in stainless steel AISI 304.
- Chimney in the back in stainless steel AISI 304.
- The "stamped" cover of the tank is on hinges with "torsion spring" in stainless steel, allowing a gradual closing and opening, provided with an ergonomic front handle.
- Tilting tank made of stainless steel AISI 304 thickness (13 mm) with high thermal conductivity, corners with rounded interior angles for easy and hygienic maintenance.
- Gas heating, by burners in stainless steel with stabilized flame, regulation from 90 to 300°C (uniform temperature on the bottom of the tank), ignition for pilot light and safety system by thermocouple, piezo-electric device, frontal accessibility allowing a very easy maintenance.
- Safety device for interruption of operation during the ascent of the series tank. A water tap to fill the tank is attached to the upper top, the opening is done by a valve positioned on the front of the device.

The +

ADVANTAGE:

The tank is made of stainless steel AISI 304 18/10 with high thermal conductivity, allows for frying, baking, roasting, ... and even to boil with water in peace! When hatching the tank, the specific concept of the tank allows you to transfer all ingredients in safety and to do a 100% hygienic cleaning.

PLUS :

Possibility of back to back 900 + 900 "BACK to BACK" or in combination with the brand new range OPTIMA 700 900 + 700. Top in stainless steel AISI 304 with a thickness of 20/10 mm, front edge with water barrier, deep drawn and watertight worktops, interior corners with rounded corners, quality parts " High Technology " ... Impeccable finish, with care for detail, a sublime Design, and perfect and simple alignment through head to head coupling 'HEAD to HEAD'.
