

ICP061E/LH - RATIONAL iCombi Pro - Model 6-1/1 -Electric Free-standing Combi Oven - 10.8 kW

- 6 x GN 1/1 capacity, ideal for restaurants and foodservice applications
- Four intelligent assistants for climate management, cooking operation, production management, and cleaning
- iDensityControl delivers consistent and uniform results. At the same time, the intuitive operating concept provides the highest level of user support and less chance of errors
- iCookingSuite continuously checks the condition of the food against the desired result, calculates the cooking progress and intelligently adjusts the temperature to achieve. It also allows you to change the desired result, browning or cooking parameters during the cooking process

The intelligent RATIONAL iCombi Pro 6-1/1 thinks, learns, watches and adapts, dynamically responding to requirements.

- iProductionManager optimises food production, simply place the dish on the display and it will show you what else you can produce at the same time
- iCareSystem 9 cleaning programmes, including the ultrafast interim clean in approx. 12 minutes
- WiFi interface for connected cooking and easy access to HACCP documentation
- Left hinged door
