

Contractor

Value and Performance

Speed provides flexibility

At 200 or 300 rpm the Contractor machines provide the flexibility to carry out most hard floor cleaning tasks.

Re-designed to for operator benefits

The Contractor has been re-designed to feature a centrally placed motor to give the operator a more responsive control.

Different Sizes

The Contractor is available in 400mm (15") or 450 mm (17").

Delivered Ready for use

The Contractor machines are delivered fully assembled and ready to use. Furthermore, there are no large boxes or other extreme forms of packaging of which to dispose, making the Contractor and Victor more environmentally friendly than some manufacturers. A drive board is included so just attach the appropriate pad and start cleaning.

Priced for your budget

The Contractor range offer extreme value and functionality making them excellent all round machines.
